NOTICE TO APPLICANT

A special family lot permit may be issued by the Board of County Commissioners on land zoned Agricultural or Environmentally Sensitive Area within these Land Development Regulations, for the purpose of conveying a lot or parcel to an immediate family member who is the parent, grandparent, adopted parent, stepparent, sibling, child, or adopted child, stepchild or grandchild of the person who conveyed the parcel to said individual, **not to exceed one (1) dwelling unit per one (1) acre** and the lot complies with all other conditions from permitting development as set forth in these Land Development Regulations. This provision is intended to promote the perpetuation of the family homestead in rural areas by making it possible for immediate family members to reside on lots as their primary residence which exceed maximum density for such areas, provided that the lot complies with the conditions for permitting established in Section 14.9 of the Land Development Regulations.

If approved by the Board of County Commissioner, the division of lots shall be recorded by separate deed, comply with all other applicable regulations of the Land Development Regulations, and comply with all other conditions for permitting and development as set forth in the Land Development Regulations. A completed building permit application shall be submitted within one (1) year of receiving approval by the Board of County Commissioners. One (1) extension can be requested in writing and approved by the Land Development Regulations Administrator not to exceed nine (9) months. If a special family lot permit expires, it shall have to go through the process again for approval as required by this section. A building permit for a special family lot shall be issued only to the immediate family member or their authorized representative (i.e. licensed building contractor or mobile home installer) after a recorded copy of the family relationship residence agreement affidavit and deed to the special family lot has been submitted to the Land Development Regulation Administrator as part of the building permit application process.

Special family lots which have not met the requirements for homestead exemption shall not be transferable except, as follows:

1. The deeding of the parcel back to the original owner of the parent tract as indicated in Section 14.9 of the Land Development Regulations;
2. To another individual meeting the definition of immediate family member;
3. To an individual not meeting the definition of immediate family member due to circumstances beyond the reasonable control of the family member to whom the original special family lot permit was granted such as divorce, death or job change resulting in unreasonable commuting distances, the immediate family member is no longer able to retain ownership of the special family lot, subject to approval by the original reviewing body that approved the special family lot permit; and
4. Upon approval of the transfer of the special family lot, the County will issue a Certificate of Transfer and the owner shall record the certificate in the Public Records in the Clerk of the Courts Office. This process shall apply retroactively to special family lots previously created under the Land Development Regulations.

Any decision made by the Board of County Commissioners is subject to a 30 day appeal period as outlined in Article 12 of the Land Development Regulations. Any action taken by the applicant within the 30 day appeal period is at the applicant's risk. No Certificate of Occupancy shall be issued until the 30 day appeal period is over or until any appeal has been settled.

Upon the applicant obtaining a Certificate of Occupancy, the applicant must file for Homestead Exemption. Homestead Exemptions can be filed each year with the Columbia County Property Appraiser's Office from January 1 to March 31.
