Florida Statute Letter

To Whom It May Concern:

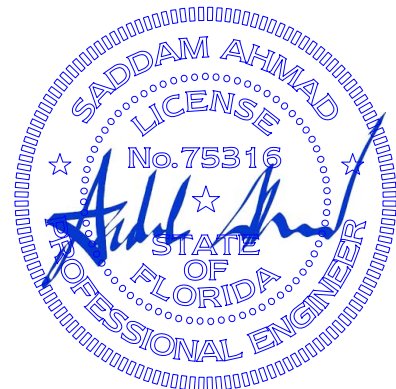

I have reviewed this solar system design documents for the above-referenced site. Per Florida Statute (F.S.) 377.705 (revised 7/1/2017), I, Saddam Ahmad, P.E. (# 75316) an engineer licensed pursuant to Chapter 471, certify that the proposed PV electrical system design and the corresponding electrical components here are in compliance with the code requirements and standards contained in the Florida Building Code, and the National Electric Code (NEC).

My conclusions are based upon our review of the design and photo provided by the installer. This letter does not waive the installer of any responsibility for improper installation.

Sincerely,

---
