Permit # 000045085

L-28970

Chris & Teresa Wilkey

Re: 03208-211

To Whom It May Concern:

The finished floor elevation of the slab on this parcel is established to be 79.7 feet. The centerline of SW Dyal Avenue is established to be 81.0 feet. The building permit shows the required floor elevation to be one foot above the road. The elevations shown hereon are based on NAVD 88 datum.

Sincerely,

A handwritten signature in black ink, appearing to read "L. Scott Britt", is written over a faint circular seal.
