Troy,

Yes sir. We are working with the property owner regarding City utilities. Please do not hold up the building permit.

Shasta M. Pelham
Utility Service Coordinator
173 NW Hillsboro St.

Steve, I understand that an availability letter is not available at this time for some reason. Is it safe for us to proceed with permitting the building and holding off on a final until such time they have worked out all issues with the City as far as water and sewer ?
