WARRANTY DEED

THIS INDENTURE, Made this 18 day of April, 2002, BETWEEN RUSSELL S. DEPRATTER and ANN S. DEPRATTER, his wife, parties of the first part, and DARRELL W. HUNT AND KATHY A. HUNT, his wife, whose post office address is Rt. 17, Box 804, Lake City, Florida 32055, parties of the second part.

WITNESSETH, That the parties of the first part, for and in consideration of the sum of Ten and No/100 (\$10.00) Dollars, to them in hand paid by the said parties of the second part, the receipt whereof is hereby acknowledged, have granted, bargained, and sold to the said parties of the second part, their heirs and assigns forever, the following described land, situate, and being in the County of Columbia, State of Florida, to-wit:

Township 3 South, Range 16 East

Section 28: SW 1/4 of SE 1/4, except 2 acres in NW corner and except 2 acres described in O.R. Book 525, Page 454 Trustee Deed O.R. Book 744, Page 455 and except 5.22 acres described in O.R. Book 770, Page 523 & 524 and except 29.81 acres for Magnolia Hills Subdivision. O.R. Book 793, Page 1816, O.R. Book 805, Page 1554, O.R. Book 806, Page 875 and O.R. Book 839, Page 2267, Columbia County, Florida.

N.B. This Deed was prepared without the benefit of a title search and was prepared upon information provided by the Grantee.

Subject to real property taxes accruing subsequent to December 31, 1998 and subject to restrictions, easements and mineral rights and interest of record, if any.

And the said party of the first part does hereby fully warrant the title to said land, and will defend the same against the lawful claims of all persons whomsoever.

IN WITNESS WHEREOF. The said party of the first part has hereunto set his hand and seal the day and year first above written.

Signed, sealed and delivered in the presence of:

Subject: Receipt of Environmental Resource Permit Application for
Darrell Hunt Project, 03/16/28, ERP02-0503, Columbia County

Dear Mr. Hunt:

The Suwannee River Water Management District (SRWMD) received your application package on July 2, 2003, for Darrell Hunt Project --031628. Your proposed project has been assigned permit number ERP02-0503, and is currently under review by Resource Management staff. You will receive a response from staff within 30 days after receipt of the application package. This is pursuant to Chapter 120.60(1), Florida Statutes.

Please be advised that it is a violation of SRWMD rules to begin any work on the project before this permit is issued. Your submitted application package does not alleviate you from having to obtain all other clearances, permits, or authorization required by any other unit of local, state, or federal government.

Florida Statutes 373.419 states, "Within 30 days after the completion of construction or alteration of any stormwater management system, dam, impoundment, reservoir, appurtenant work, or works, the permittee shall file a written statement of completion with the governing board..." We will enclose the appropriate forms upon issuance of the permit to satisfy the requirement.

If you have any further questions, please contact Leroy Marshall at 386/362-1001, or toll free at 800/226-1066. In order to better serve you, please include the permit number in all correspondence.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon Dinges".

Jon Dinges
Director, Resource Management

NOTICED GENERAL PERMIT

PERMITTEE:
DARRELL HUNT
ROUTE 17, BOX 804
LAKE CITY, FL 32055

PERMIT NUMBER: ERP02-0503
DATE ISSUED: 07/17/2003
DATE EXPIRES: 07/17/2005
COUNTY: COLUMBIA
TRS: S28/T3S/R16E

PROJECT: DARRELL HUNT PROJECT --031628

Approved entity to whom operation and maintenance may be transferred pursuant to rule 40B-4.1130, Florida Administrative Code (F.A.C.):

DARRELL HUNT
ROUTE 17, BOX 804
LAKE CITY, FL 32055

Based on information provided, the Suwannee River Water Management District's (District) rules have been adhered to and an environmental resource noticed general permit is in effect for the permitted activity description below:

Construction and operation of a surfacewater management system serving 0.15 acres of impervious surface on a total project area of 0.50 acres in a manner consistent with the application package submitted by Freeman Design Group on July 15, 2003.

It is your responsibility to insure that adverse off-site impacts do not occur either during or after construction. Any additional construction or alterations not authorized by this permit may result in flood control or water quality problems both on and off site and will be a violation of District rule.

You or any other substantially affected persons are entitled to request an administrative hearing pursuant to ss.120.57(1), Florida Statutes (F.S.), and s.40B-1.511, F.A.C., if they object to the District's actions. Failure to request a hearing within 14 days will constitute a waiver of your right to request such a hearing. In addition, the District will presume that permittee waives Chapter 120, F.S., rights to object or appeal the action upon commencement of construction authorized by the permit.

Permit No.: ERP02-0503

Project: DARRELL HUNT PROJECT --031628

Page 2 of 4

This permit is issued under the provisions of chapter 373, F.S., chapter 40B-4, and chapter 40B-400, F.A.C. A noticed general permit authorizes the construction, operation, maintenance, alteration, abandonment, or removal of certain minor surface water management systems. This permit authorizes the permittee to perform the work necessary to construct, operate, and maintain the surface water management system shown on the application and other documents included in the application. This is to notify you of District's agency action concerning Notice Of Intent. This action is taken pursuant to rule 40B-4 and 40B-400, F.A.C.

General Conditions for All Noticed General Permits:

1. The terms, conditions, requirements, limitations, and restrictions set forth in this section are general permit conditions and are binding upon the permittee for all noticed general permits in Part II of this chapter. These conditions are enforceable under Part IV of chapter 373, F.S.
2. The general permit is valid only for the specific activity indicated. Any deviation from the specified activity and the conditions for undertaking that activity shall constitute a violation of the permit. A violation of the permit is a violation of Part IV of chapter 373, F.S., and may result in suspension or revocation of the permittee's right to conduct such activity under the general permit. The District may also begin legal proceedings seeking penalties or other remedies as provided by law for any violation of these conditions.
3. This general permit does not eliminate the necessity to obtain any required federal, state, local and special District authorizations prior to the start of any construction, alteration, operation, maintenance, removal or abandonment authorized by this permit.
4. This general permit does not convey to the permittee or create in the permittee any property right, or any interest in real property, nor does it authorize any entrance upon or activities on property which is not owned or controlled by the permittee, or convey any rights or privileges other than those specified in the general permit and Part II of this chapter.
5. This general permit does not relieve the permittee from liability and penalties when the permitted activity causes harm or injury to human health or welfare, animal, plant or aquatic life, or property. It does not allow the permittee to cause pollution in contravention of Florida Statutes and District rules.
6. The permittee is hereby advised that s.253.77, F.S., states that a person may not commence any excavation, construction or other activity involving the use of sovereign or other lands of the state, the title to which is vested in the Board of Trustees of the Internal Improvement Trust Fund without obtaining the required lease, license, easement, or other form of consent authorizing the proposed

Permit No.: ERP02-0503

Project: DARRELL HUNT PROJECT --031628

Page 4 of 4

liabilities which may arise by reason of the construction, alteration, operation, maintenance, removal, abandonment or use of any system authorized by the general permit.

14. The permittee shall immediately notify the District in writing of any previously submitted information that is later discovered to be inaccurate.

15. The permittee shall perform all construction authorized in a manner so as to minimize adverse impacts to fish, wildlife, natural environmental values, and water quality. The permittee shall institute necessary measures during construction including riprap, reinforcement, or compaction of any fill materials placed around newly installed structures, to minimize erosion, turbidity, nutrient loading, and sedimentation in the receiving waters.

16. The permit is issued based on the information submitted by the applicant which reasonably demonstrates that adverse off-site water resource impacts will not be caused by the permitted activity. It is the responsibility of the permittee to insure that such adverse impacts do not in fact occur either during or after construction.

WITHIN 30 DAYS AFTER COMPLETION OF THE PROJECT, THE PERMITTEE SHALL NOTIFY THE DISTRICT, IN WRITING, THAT THE FACILITIES ARE COMPLETE.

Columbia County Building and Zoning

RE: Huntco Properties Inc.

To whom it may concern:

I have reviewed the Flood Insurance Rate Map and have determined the property is not located in a flood zone. I have performed a site evaluation for the proposed structure. It is my recommendation, to prevent flood and water damage, the finished floor height be located 4" minimum above existing grade. Grade the perimeter so that all runoff drains away from the building.

Sincerely,

A handwritten signature in blue ink that reads "William H. Freeman".
