SERVICE PROVISIONS

ARROW EXTERMINATORS (The Company) is authorized by Dow AgroSciences LLC to install the Sentricon* Colony Elimination System and conduct associated service and treatment protocols for customer The Sentricon* System allows for servicing bait treatment for subterranean termites with Recruit* an insect growth regulator containing the active ingredient Noviflumuron. The Customer appreciates that subterranean termite control is not immediate. Specifically control and/or colony elimination may take several months. Customer understands that the inherently delayed action of the insect growth regulator is necessary to defeat avoidance behavior by foraging subterranean termites. The Company shall provide the following termite control services to Customer under this agreement:

- 1 Initial inspection of applicable structures and grounds and installation of in-ground bait stations around the perimeter of the structure at the Company's discretion
- 2 Servicing of stations by the Company Service Representatives commencing with the installation of the system. All stations will be serviced within the guidelines as specified under the most current material label standards
- 3 Application of Recruit* termite bait in stations. The Company may install additional stations and/or modify existing stations at its discretion and in compliance with all label and labelling directions
- 4 Periodically inform the Customer of any new or increased termite activity noted at any of the stations during any of the routine inspections
- 5 Upon achieving colony elimination the Company will provide for unlimited repairs of new subterranean termite damage as set forth in the provisions, terms and conditions of this agreement. The guarantee is effective immediately upon installation on structures which have no present or past termite activity or on those structures which receive a treatment specifically designed by the Company to control live termites directly performed at or near the time of the installation of Sentricon stations

As compensation for services rendered or to be rendered under this agreement, the Customer shall pay the Company an installation fee and maintenance fee as specified upon signing the agreement. This agreement and guarantee may be renewed for life by paying the annual Renewal Maintenance Fee on a consecutive basis. Failure to pay consecutive Renewal Maintenance Fees will render this agreement and guarantee null and void. After the first year adjustments to the Renewal Maintenance Fee may be made annually by the Company giving the Customer a minimum of thirty days notice regarding the new rate. This guarantee is transferable to a subsequent owner provided that the Renewal Maintenance Fee is paid on a consecutive basis from the time of the initial installation.

Customer agrees not to move, open, handle or damage Sentricon* stations, bait devices or any other parts of the system. Tampering with such components may compromise the efficacy of the system and shall constitute a basis for terminating this agreement. The Customer may be responsible for the cost of replacement or repair of any damaged or missing bait stations that were not damaged or removed by the Company and/or its agent. The bait stations and associated materials (Sentricon* Components) provided by the Company are and shall remain the exclusive property of Dow AgroSciences LLC. Customer understands that he does not acquire any ownership interest or title to such components and that upon termination of this agreement for any cause whatsoever the Company and/or Dow AgroSciences LLC are hereby authorized to remove all such components.

The guarantee in this agreement is in lieu of all other guarantees and warranties expressed and implied including the warranties of merchantability and fitness for a particular purpose. The customer is entitled to a copy of any treatment specifications, customer preparation sheets, checklists and any applicable release forms. All specifications and special circumstances have been fully explained to me.
