Dear Mr. Oosterhoudt:

RE: Bayfield Mitigation Bank
--- ERP No. 288852-001
--- Approval of Qualified Mitigation Supervisor

On August 3, 2015, the Florida Department of Environmental Protection (Department) received Bayfield Mitigation Bank's (BMB's) request to designate and retain Ms. Elva Peppers and Ms. Anna Wickman, both of Florida Environmental and Land Services (FELSI), as Qualified Mitigation Supervisor (QMS) for the BMB. As required by Specific Condition 6 of the Permit, the QMS shall have the responsibility to oversee all aspects of mitigation bank site implementation, management, monitoring, and corrective actions in the Permit until final success criteria are met and a long-term management entity is established.

The Department has completed its review of the credentials and experience of Ms. Peppers and Ms. Wickman, and hereby approve each of them to be the QMS for the BMB. We look forward to working closely with Ms. Peppers and Ms. Wickman.

Thank you for your attention to this matter. If you have any questions please feel free to contact me via email or by phone at 850.245.7575.

Sincerely,

A handwritten signature in blue ink that reads "Matt Wilson".
