To Whom It May Concern:

Christ Central will be undergoing an interior building remodel at 359 SW Dyal Ave, Lake City, FL 32024.

The scope of work includes converting one large classroom into multiple smaller classrooms and constructing a second-floor interior addition within the existing structure. No additional perimeter square footage will be added to the building.

The project will also include electrical upgrades to the existing building systems. No additional bathrooms will be added, and no plumbing modifications or upgrades are proposed. All existing plumbing fixtures and systems will remain unchanged.
