Section 105 of the Florida Building Code defines the:

Section 105.3.2 - Time limitation of application

Pursuant to Chapter 1, Section 101.2 of the Florida Building Code: An application for a permit shall be abandoned 180 days after its filing unless the application is pursued in good faith or a permit has been issued. The building official may grant extensions of up to 90 days each, upon written request with justifiable cause.

Section 105.4.1 - Permit Intent

Pursuant to Chapter 1, Section 101.2 of the Florida Building Code: A permit issued is not an authorization to violate, alter, or bypass any provisions of the technical codes. It does not prevent the building official from requiring corrections to plans, construction, or code violations. A permit becomes invalid unless work is commenced within six months after issuance, or if work is suspended or abandoned for six months after commencement.

Section 105.4.1.1 - Permit Revocation and Reissuance

If work has commenced and the permit is revoked, becomes null and void, or expires due to lack of progress or abandonment, a new permit must be obtained before proceeding.

Section 105.4.1.2 - Permit Expiration

If a new permit is not obtained within 180 days after the original permit becomes null and void, the building official may require the removal of any work commenced or completed. Alternatively, a new permit may be issued if the existing work complies with applicable regulations at the time of permit expiration and those effective between expiration and reissuance.

Section 105.4.1.3 - Active Progress

Work is considered active when an approved inspection occurs within 180 days. This requirement does not apply if work is halted due to civil commotion, strike, judicial injunction, or similar processes.

Section 105.4.1.4 - Renewal/Extension Fees

The fee for permit renewal, reissuance, or extension shall be set by the administrative authority.

Building Permit Notification

Once your application is approved, you will receive an email from the Columbia County Building & Zoning Department informing you that your building permit is ready to be issued upon payment.

Ordinance Sec. 90-75 – Construction Debris

It is unlawful to dispose of solid waste, including construction or demolition debris, except at authorized disposal sites or the county's waste facilities. Temporary storage of construction or demolition debris on-site for up to seven days is allowed, pending lawful disposal. However, debris must be removed before a certificate of occupancy is issued. The burning of construction debris or vegetative trash is allowed if done in compliance with legal permits and regulations. Disposal of solid waste, special waste, or debris in public streets, right-of-ways, or other public areas is prohibited, and no burial of vegetative trash is allowed on public property under 10 acres.
