Roofing Application Checklist

(Residential or Commercial: Reroofs ~ Roof Repairs ~ Roof Overs)

PERMIT EXEMPTION: If the construction job cost is \$5000 or less, no permit is required. (County Ord. 2025-05) This does not change the requirement for the use of licensed contractors and the requirement of recording a Notice of Commencement when the cost is \$5000 or more. (F.S. ch:489, F.S. ch:713) However, it is highly recommended that a permit be pulled regardless of the cost for insurance purposes. This ensures proper documentation for coverage in the event of unforeseen issues during or after construction.

- ☐ 2nd pg of Permit Application with PROPERTY OWNER'S Signature & Notarized Contractor Signature - The deeded property owner must sign page 2 of Application
- ☐ License Holders (Contractors) must complete a "Letter of Authorization" for who is authorized to pull the permit on their behalf
- ☐ Proof of ownership by way of Recorded Deed or Property Appraiser's parcel details printout-- visit <https://search.ccpafl.com/>
- ☐ Corporation or Trust Details listing authorized signor(s) and POA forms if necessary
- ☐ If an Owner Builder, Notarized Owner Disclosure Statement is required
- ☐ Product Approval Code Specifications Form & Roofing Underlayment Affidavit (Required for walk-in submittals)
- ☐ ***IF REQUIRED*** ~ Truss Engineering and/or Subcontractor Form
- ☐ Recorded Notice of Commencement; before 1st inspection
- ☐ Any other necessary documents requested (Floodplain Notice to Owner, etc...)
- ☐ ***AFTER THE IN-PROGRESS*** ~ Contractor Roofing Affidavit (Not required for owner builders)
- ☐ ***AFTER THE IN-PROGRESS*** ~ Pictures must be submitted (See notice below)

FINAL INSPECTION & CERTIFICATE OF COMPLETION: This completed form and photographs must be uploaded to your permit via online at the Application Submission login (link) [Welcome to Columbia County Online \(columbiacountyfla.com\)](http://Welcome to Columbia County Online (columbiacountyfla.com)).

If for a roofing permit, clearly visible in the Photographs must be the permit number or address and must include a ruler or measuring device to confirm nail spacing and overlaps including drip edge and valley flashing. (Not required for additions or New Residential)

Procedures for Obtaining

a Certificate of Completion

Scan QR Code to
make application

Follow these steps to avoid delays in your re-roof project approval:

✓ Step 1 – Submit Application

- Submit a Re-Roof Permit Application to the Building Department.
- Permit must be issued before work begins.

🕒 Step 2 – Schedule In-Progress Inspection

- Request inspection at least 24 hours in advance.
- Crew must be actively working or roof must be clearly under construction.
- Inspector will conduct this inspection on-site.

📷 Step 3 – Submit Required Documentation

- Upload the following to your permit record:
 - Roofing Contractor Affidavit (required for licensed contractors)
 - Roof photographs (see Page 2 for checklist)

⚠ Owner-Builders: Affidavit not required, but photos are still required.

📷 Inspector will review submissions:

- If sufficient → You may schedule a Final Inspection.
- If insufficient → Corrections will be noted and must be addressed.

🚩 Step 4 – Final Inspection & Completion

- ✓** Schedule your Final Inspection once documentation is approved.
- ✓** When the inspection passes, your Certificate of Completion will be issued

Florida Statutes Chapter 489.103:

www.columbiacountyfla.com

_____ 1. I understand that state law requires construction to be done by a **licensed contractor** and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.

_____ 2. I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a **licensed contractor** to assume responsibility.

_____ 3. I understand that, as an owner-builder, I am the responsible party of record on a permit. I understand that I may protect myself from **potential financial risk** by hiring a **licensed contractor** and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits and contracts.

_____ 4. I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence **must be for my own use or occupancy**. It may not be built or substantially improved for sale or lease, unless I am completing the requirements of a building permit where the contractor listed on the permit substantially completed the project. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates the exemption.

_____ 5. I understand that, as the owner-builder, I must provide **direct, onsite supervision** of the construction.

_____ 6. I understand that I **may not hire an unlicensed person** to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the **licenses required by law** and by county or municipal ordinance.

_____ 7. I understand that it is a frequent practice of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, **may be held liable** and subjected to **serious financial risk** for any injuries sustained by an unlicensed person on his or her employees while working on my property. My **homeowner's insurance may not provide coverage** for those injuries. I am willfully acting as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

_____ 8. I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I **must comply with laws requiring the withholding of federal income tax and social security contributions** under the Federal Insurance Contributions Act (FICA) and **must provide workers' compensation** for the employee. I understand that my **failure to follow these laws may subject me to serious financial risk**.

_____ 9. I agree that, as the party legally and financially responsible for this proceed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employees. I also understand that the construction **must comply with all applicable laws, ordinances, building codes, and zoning regulations**.

_____ 10. I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may **contact the Florida Construction Industry Licensing Board** at 850-487-1395 or <http://www.myfloridalicense.com/> for more information about licensed contractors.

_____ 11. I am aware of, and consent to, an owner-builder building permit applied for in my name and understand that **I am the party legally and financially responsible** for the proposed construction activity at the following address:

(Address of jobsite property)

_____ 12. I agree to **notify Columbia County Building Department** immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure. **Licensed contractors are regulated** by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and Department of Business and Professional Regulation may be **unable to assist you with any financial loss** that you sustain as a result of complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held **liable for damages**. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for **verifying whether the contractor is properly licensed** and the status of the contractor's workers' compensation coverage.

Florida Statutes Chapter 489.103:

_____ 13. State law requires electrical contracting to be done by **licensed electrical contractors**. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own electrical contractor even though you do not have a license. You may install electrical wiring for a farm outbuilding or a single-family or duplex residence. You may install electrical wiring in a commercial building the aggregate construction costs of which are under \$75,000. The home or building must be for your own use and occupancy. It **may not be built for sale or lease**, unless you are completing the requirements of a building permit where the contractor listed on the permit substantially completed the project. If you sell or lease more than one building you have wired yourself within 1 year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You **may not hire an unlicensed person** as your electrical contractor. Your construction shall be done according to **building codes and zoning regulations**. It is your responsibility to make sure that people employes by you have **licenses required by state law** and by county or municipal licensing ordinances.

_____ 14. An owner of property completing the requirements of a building permit, where the contractor listed on the permit **substantially completed the project** as determined by the local permitting agency, for a one-family or two-family residence, townhome, accessory structure of a one-family or two-family residence or townhome or individual residential condominium unit or cooperative unit. Prior to the owner qualifying for the exemption, the owner must receive approval from the local permitting agency, and the local permitting agency must determine that the contractor substantially completed the project. An owner who qualifies for the exemption under this paragraph is **not required to occupy** the dwelling or unit for at least 1 year after the completion of the project.

Before a building permit shall be issued, this notarized disclosure statement must be completed and signed by the property owner and returned to the local permitting agency responsible for issuing the permit.
