To whom it may concern,

Review the final question asked prior to the questions deadline on February 20th, 2026. Please review the corresponding answers.

1. In the event of a life-threatening emergency that exceeds our operational capacity does contractor have the authority to request mutual aid or engage in approved 3rd party resources to ensure continuity of services?

ANSWER: This concern will be further addressed at the contracting stage. Prior to initiating such request for mutual aid or engaging third party resources, contractor's prior notification of request to NFWUA Executive Director and NFWUA's written consent to proceed shall be required. Costs of such services and/or reimbursement of expenses shall not exceed those provided for under the existing contract with NFWUA.

Sincerely,
