

**ADDENDUM NO 1
RFQ 2026-O
CONTINUING GEOTECHNICAL ENGINEERING SERVICES**

Questions:

1. Should the proposal be organized into eight (8) separate tabs corresponding to the bulleted submittal requirements on page 16, or should we use the six (6) evaluation criteria listed on page 18 as the tab headings, incorporating the eight required items within those sections?
 - a. **Organize by eight (8) separate tabs discussed on page 16.**
2. On page 16 bullet 3, it states resumes of all personnel and their professional license are required. Is professional license included in the 25-page count?
 - a. **One Professional License per resume (not counted in the 2 page limit), additional licenses should be included in Additional Attachments. Additional Attachments are not included in the page count.**
3. Are resumes, references letters for the 5 projects and possibly professional license be included as an attachment?
 - a. **The five (5) recent projects with a client reference letter should be included in the respective tab discussed on page 16, any additional materials should be included as Additional Attachments.**
4. Page 16 lists Subconsultants and Project Management Approach, Schedule, Budget & Cost/Benefit as two separate requirements. Should these be in separate tabs, or can they be combined into one tab while addressing each requirement individually?
 - a. **Separate Tabs.**
