The task authorization form will include a summary of the proposed project, identifying the proposed Project Manager and shall include the following attachments at a minimum: Attachment A – Scope of Services, Attachment B – Price Breakdown, Attachment C – Schedule and Attachment D – Sub-Contractor.
2. The CONTRACTOR drafts price proposal and submits to COUNTY for review. This proposal shall include the following:
 - a. Brief description of the work to be performed.
 - b. Labor and material costs for each of the major elements of work.
 - c. Total cost of project.
 - d. List of sub-contractors, if any.
 - e. Signed statement confirming that the Contractor has visited the site prior to preparing the estimate and is thoroughly familiar with the site and the scope of services.
 - f. Number of calendar days required to complete the work after COUNTY authorization.
 - g. The completed cost proposal shall be signed and dated by the CONTRACTOR and returned to the County for review within seven (7) working days of request.
 - h. Upon review of all proposals received, the COUNTY will assign the project by issuing a Task Authorization.

* It is the responsibility of the CONTRACTOR to ensure that he has all the information necessary to prepare the estimate

3. Assignment of projects will be placed with the CONTRACTOR who has demonstrated availability and capability to meet the schedule of completion. The COUNTY may elect to activate multiple CONTRACTORS at one time, in accordance with this agreement.
4. The County's issuance of a fully executed Task Authorization shall constitute acceptance of the cost proposal and shall become the sole, total price for the subject project.
5. Issuance by the County of a Purchase Order after the Task Authorization has been signed by both parties shall constitute the Notice to Proceed. The successful CONTRACTOR shall commence on-site work no later eight (8) hours after receipt of a Purchase Order unless otherwise specified within the Scope of Services.
6. The County may, at its sole discretion, require the successful CONTRACTOR(s) to supply Payment and Performance Bonds equal to 100% of the project value as approved by an executed Task Authorization. If the County determines that Payment & Performance Bonds are required, the original bonds shall be submitted prior to commencement of work and/or the delivery of any materials. Not all projects will require a bond; however, failure to provide a Payment & Performance bond for projects when required shall preclude the CONTRACTOR(s) from performing any work on that project regardless of any approved Task Authorization. The CONTRACTOR'S failure to produce a Payment and Performance bond on projects when required may be considered failure to perform under the master agreement.
7. The successful CONTRACTOR(s) will subcontract as applicable and comply with statutory requirements regarding payment to sub-contractors.
8. If, in the County's opinion, the successful CONTRACTOR(s) has been found to submit excessive pricing for any element of the task assigned which cannot be justified, the COUNTY may select an alternate successful CONTRACTOR(s) for the work. If the successful CONTRACTOR(s) has been found, in the COUNTY'S opinion, to submit excessive pricing for work elements that cannot adequately be justified on a repeated basis; the COUNTY reserves the right to suspend the successful CONTRACTOR(s) from the pre-qualified list.
