For clarification, the parties agree that the foregoing is not an acknowledgement by either party that this agreement does not comply with the laws of the State of Florida, including the Constitution, and that the foregoing statement does not amend, modify or limit the parties' respective representations herein. Notwithstanding anything in this Agreement to the contrary, neither party will be liable to the other party for any indirect, incidental, loss of profits, punitive, exemplary, special or consequential damages of any kind whatsoever arising out of or relating to this Agreement to the extent and in the event a court of competent jurisdiction should declare all or any material portion of this Agreement contrary to law or otherwise invalid.

XXIII. PERFORMANCE IN CASE OF SUBSEQUENT AWARD TO THIRD PARTY

Should Contractor fail to prevail in a future procurement cycle, Contractor shall provide all services required in and under this Agreement until the ending date of this Agreement or any agreed extension of this Agreement. To ensure continued performance fully consistent with the requirements of this Agreement through any such period, the Contractor shall continue all operations and support services at the same level of effort and performance as were in effect prior to the award of the subsequent agreement to a competing organization, and shall fully cooperate with the County in providing non-proprietary data and information which will assist in an orderly transition of the service to the new contractor. Contractor shall make no changes in methods of operation which could reasonably be considered to be aimed at cutting Contractor's service and operating cost to maximize profits during the final stages of the Agreement. However, County recognizes that if a competing organization should prevail in a future procurement cycle, Contractor may reasonably begin to prepare for transition of service to the new Contractor. County shall not unreasonably withhold its approval of Contractor's request to begin an orderly transition process, including reasonable plans to relocate staff, scale down certain inventory items, etc., as long as such transition activity does not impair Contractor's performance during this period.
