
PRIVATE SOIL EVALUATION ACKNOWLEDGEMENT

Paul Lloyd, Soil Scientist

Ph. (386) 752-3571

I hereby acknowledge that COLUMBIA COUNTY PUBLIC HEALTH DEPARTMENT has no first-hand knowledge of the soil characteristics or seasonal water table at this proposed onsite sewage treatment and disposal site (OSTDS).

(Permit # 21-0039)

They are accepting the written evaluation of Paul Lloyd, an Approved Private Soil Evaluator hired by myself or my approved agent(s). The system will be designed in accordance with the Private Evaluator's soil analysis and the information we have provided concerning flow rates, type of facility, and proposed usage.

I understand that a complete and accurate site plan is necessary to show the exact location of all pertinent facilities, features, and other items that would affect the location of this OSTDS. I also acknowledge that any deviation from the exact site plan would require another site evaluation by the Private Evaluator.

Any system failure due to an incorrect soil evaluation, site plan or application information is not the responsibility of the COLUMBIA COUNTY PUBLIC HEALTH DEPARTMENT.
