Re: Lot 9 Southern Approaches

Blake Lunde

To Whom It May Concern:

We set a benchmark on the NW corner of Lot 9 of Southern Approaches Unit 1 at an elevation of 109.34 feet. We also placed a flag on the parcel near the building site and marked a line on there whose elevation is 112.43 feet. The elevations are based on NAVD 88 datum.

Sincerely,

L. Scott Britt
