Columbia County Building Department
135 NE Hernando Ave
Lake City, FL 32055

Hello Columbia County Building Department,

RE: Structural Engineering and Wind Load Calculations for Building Permit Application # 52415

Please note that all Requirements for the Structural Engineering and Wind Load Calculations can be found on page D3 of the Engineer Plan Set. Likewise, Longitudinal and Transverse Shear-wall Lengths are located on Page 1, Floor Plan. Our Engineer Plan Set is Stamped and Signed by our Engineer, Frank J Sapienza Jr, FL Lic No. 48566.

If you have further questions, please feel free to contact me at: 352-373-1724, ext 9.

Regards,

Julie Endres
Project Coordinator
