Per my recent conversation with Mr. Troy Crews please find enclosed my application and application fee of \$15.00 for a permit for a steel storage building with a bathroom.

Please call if you have any questions or need any additional information.

My current residence is in Tampa please call when permit is ready for pickup so I can arrange to take off work to pick up.

Thank you,

Clinton H Simmons Jr (813) 918-4704 or Teresa Simmons (813) 918-4523

RE: Steel Storage Building, Permit Application 1310-52

Dear Mr. Simmons:

The property for the above referenced building permit application is located in an Agriculture-3 (A-3) zoning district. In accordance with the Columbia County Land Development Regulations (LDR's), the required front setback is 30 feet from the front property line, 25 feet from the side property lines and 25 feet from the rear property line. The site plan submitted with the application shows 22 feet from the north property line and 23 feet from the south property line. Due to the size of the building a variance will have to be approved by the Board of Adjustment. Variances require a public hearing before the Board of Adjustment and there is a \$750.00 fee involved. I have enclosed an application for your convenience.

If you have any questions concerning this matter, please do not hesitate to contact me at 386.754.7119.

Sincerely,

Brian L. Kepner
Land Development Regulation Administrator,
County Planner
