# FLOOR PLAN LAYOUT

A simple layout of your home or structure is required. If you already have a floor plan, we can copy it, if not, please sketch one below. Use reverse side for house or other type structure if necessary. We do not need inside dimensions - only the outside. Please name rooms inside home.

You should show enclosed habitable area, excluding garage, carport, patios and decks. This area is based on outside measurements of each story of structure.

New

House That's going there

Size = 1920 Building Area  
Width 32 x 60 Length
