Since this was done as an "X" number, the only thing we do is send the number to the building dept, we have no paperwork, because none was required.

We sent it on 10/13/023 and number was X23-152. Give them a call and give them that info. If needed, tell them to call me, we work together all the time.

Hi Sal,

Got a message that the building department is still waiting on the environmental release, can you send it to me so I can upload it to the permit?

Thank you,
