The access permit has been approved #2024-A-292-00024. The access is approved for the existing driveway for the parcel to the west thru an easement. Improvements are minimal but will need to be inspected when built. If you have any questions, please call/email. Thank you.

Good morning,

I may have reached out about this one previously, but I am reaching out to ensure that this parcel has an approved access or is in the process and that we can move forward with permitting. Thanks!
