Permit # 49973

Date: November 21, 2024

Customer Name: Glenn Residence
Customer Address: 367 SW Kayla Court
Customer Number: Customer # 186130

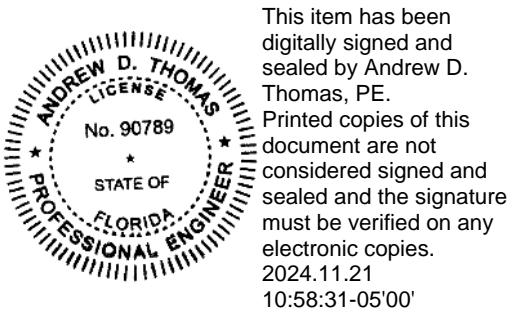

To Whom It May Concern:

This letter is to certify and verify Alpha Foundations has completed the alterations at the above-referenced property in general accordance with the permit documents. Foundation piers were installed to stabilize the existing foundations, and to prevent further settlement of the foundation of the structure.

I have inspected the materials and installation for conformance to the approved permit documents. To the best of my knowledge, belief and professional judgment, the piers meet the intent of the Florida Building Code 2023 8th Edition and are in substantial accordance with the "approved plans." The piers were installed in accordance with the manufacturer's guidelines and specifications and per the Engineer of Records requirement. Please see attached drawing for the AS-BUILT layout of the piers.

This Engineering Completion / Certification letter should serve to close out the referenced permit. If you have any questions, please do not hesitate to contact me.

Respectfully,

ANDREW THOMAS, P.E.
