Per Dustin, he said he dropped off the sub form, but I can send you a copy if you still need it? Also the scope of work that needs to be completed is as follows:

- Electrical needs to be inspected
- Plumbing needs to be inspected
- Framing need to be inspected
- Metal building needs inspection
- AC rough in needs to be completed
- Drywall needs to be completed

So a lot needs to be done and we would love to get started this week with these inspections please and thank you! As far as the estimated cost it is weird because the money is at the bank and I would assume we are around \$150,000. Please let me know if you need anything else and when I can put in a request for those above inspections. Have a great day!
