Ms. Roberts

✓ After inspecting the Right way Auto at 2310 W US Hwy 90 Lake City, FL The FDOT Permits Department will not require a permit. The current driveway meets FDOT Standards for enclosing a portion of the existing front covered area for interior sales space. If you need further information please call.

Hi Mr. Cray,

Janice Williams has directed me to you in order to discuss our renovation plans for 2310 W US HWY 90, Lake City, FL. We have submitted for permits at this address and in order to proceed, we need a letter stating we are within compliance of your department. We will not be expanding floor space of the building, however, we will be enclosing a portion of the existing front covered area for more interior sales space – this area is now used to display vehicles on the lot. We will also be renovating portions of the existing building.

If you need anything further, or have questions regarding this project, please do not hesitate to contact me. Thank you.
