Their permit number on these pictures are wrong. That was a mistake. That's for a job they were doing at the same time. They got the permit numbers mixed up. You have already went by and did the progress for this one and these are the pictures for 53377. If there's a problem, you could look at the permit number that's on the pictures and say that it was a single wide that you have already been by if there's a problem, please let me know and thank you for your help Vickie Powell.
