Hey Laurie and Brandon

I received an email from webmaster

Review Notes:

8/17/20 - DO NOT ISSUE PERMIT - 3RD MH ON 70 AC. ONLY PERMITTED 1 OF THE 3 & WE HAVE THIS APPLICATION. ZONING APPLICATION NEEDED OR REMOVE ONE OF THE MOBILE HOMES. WE CAN ONLY ISSUE 2 MH'S WITHOUT APPLYING FOR A DIVISION OF LAND OR SUBDIVISION. THESE ARE RENTALS.

Missing required document: Septic Approval Paperwork (Due before permit is issued.)

Missing required document: Subcontractor Form (Due before permit is issued.)

This is the one that we started and never finished. The 3rd mobile home is just sitting there, which David had no place to put and we weren't going to permit or set until after the land division was approved because he was only allowed 2- this permit is for #2. I have the septic permit, attached- and he is supposed to be sending me the sub sheet tonight.

BRANDON- on the land division- I cant seem to scan the survey together with the rest of the documents because its larger- I will scale down but it won't be legible. I will have it to you tomorrow

Thank you

Wendy
