Re: 02305-002

Elaine Tolar

To Whom It May Concern:

There is a benchmark set in a power pole near the north end of the lot whose elevation is 144.01 feet. The 1% annual chance flood elevation is 134.4 feet with the county free board requirement of 1 foot makes the design elevation requirement 135.4 feet. The elevations are shown in NAVD 88 datum.

Sincerely,

L. Scott Britt
