PRODUCT APPROVAL SPECIFICATION SHEET

s required by Florida Statute 553.842 and Florida Administrative Code 9B-72, please provide the information and approval umbers on the building components listed below if they will be utilized on the construction project for which you are applying r a building permit. We recommend you contact your local product supplier should you not know the product approval

The products listed below did not demonstrate product approval at plan review. I understand that at the time of inspection of these products, the following information must be available to the inspector on the jobsite; 1) copy of the product approval, 2) the performance characteristics which the product was tested and certified to comply with, 3) copy of the applicable manufacturers installation requirements. Further, I understand these products may have to be removed if approval cannot be demonstrated during inspection.
