MOBILE HOME APPLICATION CHECKLIST

AN INSPECTION MUST BE APPROVED WITHIN 180 DAYS AFTER PERMIT ISSUANCE OR YOUR PERMIT IS NOT VALID.

| Review Process for Mobile Home Applications - All of the information in this packet must be completely filled out. The packet is then submitted to the Building Department for review. When the review process is complete, the applicant will be contacted to then pull the Mobile Home Move On Permit. Mobile Homes can only be set up by a Licensed Installer and the permits must be pulled by an authorized person. |
|---|
| □ Used Mobile Homes. All used mobile homes placed or relocated in Columbia County must have a pre-inspection form completed before the home is moved to the new location. Any homes that do not meet Wind Zone II or higher requirements can not be moved or set up in Columbia County. Most mobile homes built before 1976 do not meet these requirements therefore cannot be placed or set up in this county. When coming from another county, have that county Inspector complete our pre-inspection form or this form can be completed by a licensed private home inspector. Then return the form to the Building Department before the permit will be issued. |
| □ Site Plan. FOLLOW THE SITE PLAN CHECKLIST, included in this packet. |
| □ Fort White City Approval. If the project is located within the city limits of Fort White, prior approval is required. The town of Fort White approval letter is required to be submitted to this office when applying for a Building Permit. |
| Ownership of Property. Proof of ownership of the property is required, such as a recorded deed. |
| □ Parcel Number. The parcel number (Tax ID number) from the Property Appraiser (386- 758-1084) is required. This may also be obtained on-line at http://g2.columbia.floridapa.com/GIS/Search_F.asp . |
| Driveway Connection (Circle this on the Application) If the property does not have an existing access to a county maintained public road, then you must apply for culvert permit (\$25.00) or a culvert waiver (\$50.00) if you feel that a culvert is not needed. The waiver is either approved or denied by the Columbia County Public Works Department. If the property will have access from a state maintained road, then an approved application for driveway access from F.D.O.T. must be submitted before a permit will be issued. No release of final power will be given until driveway access is complete and given final inspection approval. |
| ONLY AFTER ZONING DEPARTMENT APPROVAL ~ ITEMS NEEDED If Denied the applicant will be contacted. NO Mobile Home permit can be issued. |
| 911 Address. Contact 911 Addressing at (386) 752-8787, an example of the requirements to get the address are included. |
| □ Environmental Health Permit or Sewer Tap Approval. A copy of the Environmental Health signed site plan or a release must be submitted before the permit is issued. Contact them at (386) 758-1058 |
| □ Private Wells. The well driller has to give you a letter on your well, stating (a) size of pump motor (b) size of pressure tank (c) cycle stop valve if used. This letter should be on there letterhead. Any questions on this contact (386) 758-1008. |

SECTION III. MINIMUN STANDARDS

- 1. No manufactured home or recreational vehicle shall be issued a permit for occupancy as a permanent residence unless it has a minimum of 450 square feet of net living area (not including garages, carports, porches, balconies, storage areas or cabanas). It shall be unlawful to join together two or more such homes for residential purposes when not intended by the manufacturer.
- No manufactured home or recreational vehicle shall be issued a permit for occupancy as a
 permanent residence in Columbia County unless it measures at least 10 feet in width, including
 attached additions.
- 3. No new or used manufactured home or recreational vehicle shall be issued a permit for setting up or occupancy as a permanent residence unless the same shall meet at least one of the following codes:
 - a. The Federal Mobile Home Construction and Safety Standards for single family mobile homes, promulgated by the Department of Housing and Urban Development; or
 - b. The Uniform Standards Code approved by the United Stated of American Standards Institute (ANSI Code) for duplex mobile homes; or
 - c. The Uniform Standards Code approved by American National Standards Institute (ANSI Code); or
 - d. The minimum housing code of Columbia County, if applicable; and meet the following requirements :
 - (1) The unit is in clean and sound condition; and
 - (2) All windows are in place with no broken panes; and
 - (3) The unit has and operates from an electric meter separate from any other unit.
 - (4) The outdoor electrical panel box is in proper working order and the service entrance conductors are no less #8 gauge aluminum wire or equivalent copper; and
 - (5) All heating equipment where applicable is or appears to be in proper working order; and
 - (6) At least one set of steps providing access to the unit is in place; and
 - (7) All exterior doors and door hardware are in place; and
 - (8) Properly working washing machine connections are in place, if applicable; and
