Hi Melissa

Attached is a copy of the current site plan with the sites "removed"

I have also attached the "new site plan"

Site 18-22 and 45-49 are new sites relocated from the front of the campground.

They are 30' wide sites.

Let me know if this is adequate.

Thank you

Tracy Atkinson

I thought you would have the previous site map in your files. This is the new site map, the sites North of the Pavilion are new. I relocated them from the sites south of the pavilion. I will send a copy of what I would think you have been using to date at the county office and show the moved sites. All of the 10 new sites are 30' apart.

Thank you

Good afternoon,

I received your message this afternoon. I had Brandon review your site plan and he made the following note:

NEEDED:

ACCURATE SITE PLAN SHOWING THE REMOVAL OF 10 SITES, AND WHERE THE NEW 10 SITES WILL BE ADDED, ALONG WITH DISTANCES BETWEEN THE SITES

THE REVISED SITE PLAN SHOWS EXISTING CONDITIONS, BUT NOT WHICH SITES ARE TO BE REMOVED AND RELOCATED. PLEASE SHOW WHICH SITES ARE BEING REMOVED AND WHERE THE NEW SITES ARE BEING LOCATED.

The site plan provided does not give us the information required. Please submit the information needed in order to move forward. Thanks!

Every day may not be good...

But there is something

good in everyday.

Good Morning,

Just wanted to make sure you received the new map.

Let me know if there is anything more you need.

This is the new site map of Ichetucknee Family Groceries & Campsites, Inc.

The sites we are adding electricity to are 18-22 and 45-49.

North Florida Generators is the electrical contractor involved in this project.

Please let me know if this is adequate for what you need to approve the permit.

Thank you

This is the site plan that should be on file and I have marked the sites off that we are moving to the open property on the 15 acres that is drawn in the previous email
