Inspections

Inspection	Notes	Performed By	Date
Foundation Inspection		Harry Dicks	2/22/2005
Setback Inspection		Harry Dicks	2/22/2005

Scope of Work

Complete this SFD – original permit issued 2005(22805) to the same owner builder that is submitting to complete the SFD. The foundation and setback inspections were completed on the original permit, which is the same condition the project is in today.

Submitting new construction plans which use the existing inspected building footprint, to comply with the FBC 2020 7th edition, including truss engineering, mechanical plans, FL product approvals, permit application and owner disclosure statement.

Thank you,

Michael Gainey
