Per David Boozer

A plan review was conducted of the Belmont Academy portable classroom structures, located at 1476 SW Walter Avenue in Lake City, Florida. These plans meet the requirements as set forth in the Florida Fire Prevention Code, 2009 edition. I recommend approval with the following condition(s)

- Fire Department Access
 - Allowance will be made to insure that fire department has a minimum access of at least two sides of current and future modulars

Should you require any additional information, please feel free to contact my office.

Sincerely,

David L. Boozer

Ron,

11-5S-16-03568-004

4 New modular's for the school.

We issued 4 other modular's and used the main address with the unit letter for the address. I guess we will continue with these other modular's.

Address is 1476 SW Walter Ave. Lake City, FL 32024

Does this sound ok to you?

Thanks,
Laurie
