Dear Melissa,

My husband and I would like to request an extension on our permit as it is taking longer then expected to finish our house. We are owner building and the summer was just too hot to work! we are now ready for our mechanical, electrical and plumbing inceptions as we are ready for insulation and drywall.

please give us a call if you have any questions.

Michele 860-237-1363

thank you very much,
