**Application Approval Letter
(for Approved Modifications to Equipment without Increase to Monthly Rent)**

This Application Approval Letter, which is made pursuant and subject to that certain 2022 Omnibus Agreement dated as of January 1, 2022 between Crown Castle and T-Mobile, as may be amended (the “**2022 Omnibus Agreement**”), documents changes to T-Mobile’s equipment identified in the following site lease agreement or site license agreement (in either case, the “**Site Agreement**”) between the lessor/licensor entity identified therein (or its successor-in-interest, if applicable) (“**Lessor**”) and the lessee/licensee entity identified therein (or its successor-in-interest, if applicable) (“**Lessee**”) with respect to the following site (the “**Site**”):

Crown Castle Identifiers:

BU#: 846216

Parent License #: 396755

Application #: 672918

Application Revision #: 0

T-Mobile Identifiers:

Site ID: 9JK0345B

Original Preserved License Dated: N/A

Approval Date: 8/02/2024

APPROVED MODIFICATIONS: The Approved Modifications are described in the approved application/order attached hereto as ATTACHMENT 1. This Application Approval Letter has no effect on Lessee’s existing rights to use ground space at the Site. If Lessee or its designated contractor does not deliver written objection to the terms of this Administrative Approval within thirty (30) days after the date of its delivery to Lessee or its designated contractor, this Administrative Approval shall be deemed to have been approved by Lessee.

PERMITTED EQUIPMENT UPON COMMENCEMENT OF APPROVED MODIFICATIONS:

The descriptions of Lessee’s tower-mounted equipment and leased or licensed space on the tower (collectively, the “**Tower Equipment and Space Descriptions**”) as set forth in the Site Agreement (including, without limitation, in any attachments or exhibits thereto), shall be deemed to have been deleted in their entirety and replaced and superseded by the Tower Equipment and Space Descriptions as set forth in ATTACHMENT 1 hereto.

ATTACHMENT 1 TO APPLICATION APPROVAL LETTER: Approved Application/Order.

Pursuant and subject to the 2022 Omnibus Agreement, this Application Approval Letter shall serve as confirmation of the Approved Modifications and it shall be effective as of the Approval Date identified above.

NOTICE: Structural Analysis shall be performed in accordance with the current revision of the TIA/EIA 222 standard and applicable local building permit codes and standards. EME analysis shall be consistent with current revision of FCC/OSHA standard OETB 65. AM detuning, when required, will be performed to 47 CFR22.371. The customer is responsible for all analysis expenses. All construction drawings are subject to Crown Castle engineering approval prior to commencement of tower attachments and compound installations. Installation of equipment not conforming to approved drawings may violate the terms of the occupancy agreement and will be corrected at the

customer's expense. Crown Castle requires drawings for pre-construction approval and as built drawings for physical configuration validation to be submitted as unlocked AutoCAD files (Version 2000i preferred). Because manufacturers may change equipment specifications (e.g., length, width, height, depth or weight) for a Model Number without changing the Model Number itself, the equipment specifications for such Model Number as identified herein shall be used to determine exactly which version of equipment with such Model Number is approved by Crown Castle herein. Crown Castle may include the suffix "CClv" together with a number (indicating a version number) after a Model Number, which suffix is not part of the actual Model Number, but indicative of a known change to the equipment specifications applicable to such Model Number.
