Fort White, FL 32038

SUBJECT: ELEVATION LETTER
Parcel No. 16-7S-16-04226-159
868 S.W. Cumberland Street, Fort White, Florida

To Whom It May Concern:

Parcel No. 16-7S-16-04226-159 is located in Flood Zone X. The property is relatively flat, but naturally slightly slopes to the southeast toward an unnamed dirt road which traverses the eastern lot line. The residential structure finished floor will be elevated on concrete blocks. Stormwater will flow around the structure to the southeast.

Requirements for Structure to Be Protected from the Base Flood Event:

The finished floor elevation for the foundation of the structure shall be at 53.0 feet NAVD and above the highest adjacent natural grade at the proposed building site. Any disturbed area around the proposed structure shall be graded to direct all runoff to the southeast.

Sincerely,

Terry R. White, Jr., P.E.
Water Resources Engineer

I certify that the finished floor elevation listed above will protect the structure against water damage from a base flood event, as defined in Article 8 of the Land Development Regulations.
