

A vertical wooden plank, likely a piece of lumber, is positioned centrally against a dark, textured background of asphalt shingles. The wood has a light tan color with prominent vertical grain patterns and several large, irregular knots. Eight green, circular fasteners or caps are visible, arranged in two vertical columns of four along the length of the plank. The text "Permit # 48245" is printed in black, sans-serif font, centered horizontally on the lower half of the plank.

Permit # 48245
