Subject: Requested Environmental Resource Permit (ERP) Exemption for  
ERP96-0127M3, Shining Star Classrooms, Columbia County

Dear Dr. Buzzella:

The above mentioned proposed project of constructing 11 portable buildings and associates sidewalks does not require a new ERP or a modification to the existing permit, ERP96-0127M2, by the Suwannee River Water Management District (District). This decision was based on the existing permit, and information submitted by you received on April 10, 2012. It has been determined that the proposed project follows subsection 40B-4.1070(1)(c) Florida Administrative Code (F.A.C.), and provides reasonable assurance that:

1. The existing stormwater system is functioning as permitted.
2. The master system will not change as a result of the connection.
3. The project will not exceed any thresholds established by the existing permit.

If this project does not comply with these terms, a permit will be required.

This exemption, however, does not exempt you from obtaining permits from any other regulatory agency. Any modification to the exempted plans that may be required shall require reconsideration by the District prior to commencement of construction.

If you have any questions, please contact me by phone at 386.362.0440, or by email at [LRM@srwmd.org](mailto:LRM@srwmd.org).

Sincerely,
