RE: Receipt of Application for Public Swimming Pool Operating Permit
Dreamin N Driftin RV
8883 W US Highway 90

Dear Paula,

This is to acknowledge receipt of an application for an operating permit for the above referenced public swimming pool on 5/6/2024. You have met the preliminary submittal requirements of Chapter 514.03(1), Florida Statutes (FS), and may file an application for a public pool construction permit with your local building authority. The department will review your application for completeness and notify you and the local building authority of any critical health and safety code inconsistencies found in your proposal that must be addressed before an operating permit can be issued. The Florida Department of Health (FDOH) may request additional information within 30 days.

Please provide us with any changes to the application or plans submitted. After construction is completed and prior to opening, FDOH must conduct an initial inspection. Please provide at least 5 working days notice to schedule this inspection. Prior to issuing your operating permit allowing you to open to the public we will require:

1. A set of plans and specifications as approved for construction by the local building authority,
2. A copy of the final inspection from the local building authority as defined in section 553.71, FS.,
3. The annual operating permit fee.

Thank you for your cooperation in this matter. Please contact Sean Havens at the FDOH in Columbia County at 386-758-1057 if you have any questions.

Sincerely,

Sean Havens
Environmental Specialist II
