Ways to pay

☐ BANK

Total **\$27,539.00**

Overdue 02/26/2025

Note to customer

All work is guaranteed to be as specified and the above work was performed in accordance with the drawings and specifications provided for the job and were completed in a substantial competent manner. All invoices past due will be assessed a service charge of 1.5% every 30 days.

Testing for Rvalue doesn't take into account air leakage and how fiberglass or other non-airsealing insulations lose their rvalue when outside of controlled areas due to air movement. Therefore, R19 closed cell foam applied correctly to achieve an air sealed envelope for this building will out perform r35 fiberglass bat insulation.
