A close-up, high-angle view of a roof under construction. The roof is covered with blue metal decking that has 'TRI COUNTY METALS' printed repeatedly in a large, bold, sans-serif font. Several long, light-colored wooden planks are laid across the metal decking, running parallel to each other. A black bag, possibly a tool bag or a backpack, is lying on the metal decking on the right side. The scene is brightly lit, with shadows cast across the metal surface. The overall perspective is looking down the length of the roof.
