Hey just noticed on statement it's in the name of someone other than Steven Bell. It's in the name of Harold WARREN PHIPPS. The paperwork needs to be in the name of the owner. Just so everything matches at our office and the building dept.

They won't need one from EH. You would need one from Bldg & Zoning I believe.
We would just send a release to B&Z.

They won't need a health department permit or a permit at all?
I have requested this from the homeowner!

If they can send you or me a statement showing they have city sewer, then they will not need to do a permit.

I see on the survey that this lot has city water. Does it have a septic tank or city sewer?
I did not see a tank on the survey.
Thanks.

Good morning,

Attached are all documents to request for environmental approval. Please let me know if there is anything additional.

When fees are ready to be paid, I can call and pay them 😊

Thank you,
