

A vertical wooden plank, possibly a piece of lumber, is positioned against a dark, textured background that appears to be gravel or a similar coarse material. The plank is light-colored with visible wood grain and some minor imperfections like knots and small holes. A bright light source from the upper right creates a strong shadow of the plank onto the gravel to its left. The text "Permit #42358" is overlaid in the lower-middle section of the plank.

Permit #42358
