re: ENGINEER'S REPORT: 280 SW GRAPEVINE COURT, FORT WHITE, FL

Dear Larry & Linda:

I inspected the construction of the metal building construction at the above referenced address. Two anchor bolts in the pictured supports will be sufficient for the structural stability of the building.

In my professional experience, the framing meets or exceeds the requirements as set forth in the 2020 Florida Building Code - Residential, 7th edition.

Please contact me at 307.680.1772 if you have any questions.

Respectfully,

Carol Chadwick, P.E.
