BOARD MEETS THE FIRST THURSDAY AT 5:30 P.M.
AND THIRD THURSDAY AT 5:30 P.M.

SUMMARY

The proposed Special Exception would allow for a Child Care Center to be used on an approximate 5-acre subject property. The subject property is currently used as a church. The applicant proposes a Daycare Center to operate during on a limited schedule not to interfere with Church Activities.

Official Zoning Atlas

The Agriculture-3 ("A-3") Zone District is described as follows in Section 4.5.1 of the Land Development Regulations ("LDRs"):

"The "A" Agricultural category includes three zone districts: A-1, A-2 and A-3. Lands in these districts are intended to provide for areas primarily consisting of agricultural and residential uses consistent with the areas as designated agricultural within the county's comprehensive plan."

ZONING DISTRICT COMPARISON

Zoning District:	Agriculture - 3 ("A - 3")
Max. Gross Density:	One (1) Dwelling Unit per Five (5) Acres
Minimum Lot Area	5 Acres
Floor Area Ratio:	0.20
Typical Uses*:	All Agriculture Activities, The Processing, Storage, and Sale of Agricultural Products, Single-Family Dwellings, Mobile Homes, Plant Nurseries and Greenhouses, Homes of six or fewer residents which otherwise meet the definition of a "Community Residential Facility", Public Elementary and Middle Schools, and Churches and other Houses of Worship

SURROUNDING USES

The existing uses, Future Land Use Map ("FLUM") Designations, and zone districts of the surrounding area are identified in Table 1. Map 2 provides an overview of the vicinity of the subject property.

The following Comprehensive Plan Elements have Goals, Objectives, and Policies (GOPs) that support the proposed Site Specific Amendment to the Official Zoning Atlas:

- Future Land Use Element
- Transportation Element
- Capital Improvements Element

Staff has reviewed the application for a Site Specific Amendment to the Official Zoning Atlas for consistency with the Comprehensive Plan and finds the application consistent with the Comprehensive Plan and the Goals, Objectives, and Policies (GOPs) therein.

ENVIRONMENTAL CONDITIONS ANALYSIS

Wetlands

According to Illustration A-VI of the Comprehensive Plan, entitled Wetlands Areas, which is based upon the National Wetlands Inventory, dated 1987, and the National Wetlands Reconnaissance Survey, dated 1981, there are no wetlands located on the subject property.

Evaluation: Given there are no wetlands on the subject property, there are no issues related to wetland protection.

Soil Survey

Each soil type found on the subject property is identified below. The hydrologic soil group is an indicator of potential soil limitations. The hydrologic soil group, as defined for each specific soil, refers to a group of soils which have been categorized according to their runoff-producing characteristics. These hydrologic groups are defined by the Soil Survey of Columbia County, Florida, dated October 1984. The chief consideration with respect to runoff potential is the capacity of each soil to permit infiltration (the slope and kind of plant cover are not considered, but are separate factors in predicting runoff). There are four hydrologic groups: A, B, C, and D. "Group A" soils have a higher infiltration rate when thoroughly wet and therefore have a lower runoff potential. "Group D" soils have very lower infiltration rates and therefore a higher runoff potential.

There is only (1) soil types found on the subject property:

- 1) Ocilla fine sand soils are somewhat poorly drained, gently sloping soils on undulating landscapes in the uplands. The surface and subsurface layers are comprised of fine sand to a depth of 32 inches. The subsoil layer is comprised of fine sandy loam to a depth of 68 inches. Ocilla fine sand soils have moderate limitations for building site development and severe limitations for septic tank absorption fields.

Evaluation: The is only one (1) soil type found on the subject property, Ocilla fine sand soils. At this time, there are no issues related to soil suitability.

Flood Potential

Panel 0513C of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) Series, dated November 2, 2018, indicates that the subject property is located in Flood Zone "X" (areas determined to be outside of the 500-year floodplain).

Evaluation: Given the subject property is not located in a flood zone, there is no concern of flood on the subject property.

Stream to Sink

According to the Stream to Sink Watersheds, prepared by the Suwannee River Water Management District and adopted by the Board of County Commissioners, dated June 2, 2001, the subject property is not located within a stream to sink area.

Evaluation: Section 4.2.38 of the County's LDRs regulates Stream to Sink watershed areas. At this time, there is no concern related to Stream to Sink Watersheds.

Minerals

According to Illustration A-VII of the Comprehensive Plan, entitled Minerals, which is based upon Natural Resources, prepared by the Florida Department of Environmental Protection, 2012, the subject property is within an area known to contain Limestone.

Evaluation: There are no issues related to minerals.

Historic Resources

According to Illustration A-II of the Comprehensive Plan, entitled Historic Resources, which is based upon the Florida Division of Historical Resources, Master Site File, dated 2013, there are no known historic resources located on the subject property.

Evaluation: There are no issues related to historic Resources.

Aquifer Vulnerability

According to the Columbia County Floridan Aquifer System Protection Zone Map, prepared by the Advance GeoSpacial Inc., dated September 29, 2009, the subject property is located in a more vulnerable area.

Evaluation: While the subject property is located in a more vulnerable area, there is no issue related to aquifer vulnerability.

Vegetative Communities/Wildlife

According to Illustration V-I of the Data and Analysis Report, entitled Vegetative Communities, the subject property is located within a non-vegetative community.

Evaluation: There is no known wildlife habitats associated with a non-vegetative community; therefore, there is no issue related to vegetative communities or wildlife.

COMPLIANCE WITH THE COMPREHENSIVE PLAN AND LAND DEVELOPMENT REGULATIONS

The Future Land Use Element of the Comprehensive Plan and Section 12.2.1 of the Land Development Regulations ("LDRs") establish standards with which all Special Exception applications must be found to be compliant. Staff's evaluation of the application's compliance with the applicable standards of the Future Land Use Element of the Comprehensive Plan and Section 12.2.1 of the LDRs is provided below.

- 1) Ingress and egress to property and proposed structures thereon with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or catastrophe.

Evaluation and Findings: The applicant has submitted a site plan with the request for a Special Exception that provides means of ingress and egress to the property and proposed Child Care Center. There are no issues related to ingress and egress, pedestrian safety, traffic flow and control, or fire access.

- 2) Off-street parking and loading areas, where required, with particular attention to the items in [subsection] (1) above and the economic, noise, glare, or odor effects of the special exception on adjoining properties and properties generally in the district.

Evaluation and Findings: The applicant has provided adequate parking on-site.

- 3) Refuse and service areas, with particular reference to the items in [subsections] (1) and (2) above.

Evaluation and Findings: The site plan indicates refuse and service areas; therefore, no issue related to refuse and service areas exists.

- 4) Utilities, with reference to locations, availability, and compatibility.

Evaluation and Findings: The site plan indicates utilities on-site to service the proposed use and will not have any effect of utilities.

- 5) Screening and buffering with reference to type, dimensions, and character.

Evaluation and Findings: No other buffers are required in accordance with the LDRs.

- 6) Signs, if any, and proposed exterior lighting with reference to glare, traffic safety, economic effects, and compatibility and harmony with properties in the district.

Evaluation and Findings: The applicant is not proposing any advertising signage at this time.

- 7) Required yards and other open space.

Evaluation and Findings: The site plan indicates that the required setback and open space standards have been met.

- 8) Considerations relating to general compatibility with adjacent properties and other property in the district including, but not limited to:

- a) Whether the proposed use would be in conformance with the county's comprehensive plan and would have an adverse effect on the comprehensive plan;

Evaluation and Findings: The proposed use is consistent with the Columbia County Comprehensive Plan. See Comprehensive Plan consistency report in previous section of this report.

- b) Whether the proposed use is compatible with the established land use pattern;

Evaluation and Findings: The proposed use is a Child Care Center. Child Care Centers are often located and compatible with agricultural. It is not anticipated the proposed use would be incompatible with adjacent uses.

- c) Whether the proposed use would materially alter the population density pattern and thereby increase or overtax the load on public facilities such as schools, utilities, and streets;

Evaluation and Findings: The proposed use is a Child Care Center. It is not anticipated the proposed use will not increase or overtax the load on public facilities.

- d) Whether changed or changing conditions find the proposed use to be advantageous to the community and the neighborhood;

Evaluation and Findings: Whether the proposed use would be advantageous to the community or neighborhood is dependent upon the neighborhood/community itself. It's staff's opinion that the proposed use is neither advantageous or un-advantageous.

- e) Whether the proposed use will adversely influence living conditions in the neighborhood;

Evaluation and Findings: It is not anticipated that the proposed use will adversely influence the living conditions of the neighborhood.

- f) Whether the proposed use will create or excessively increase traffic congestion or otherwise affect public safety;

Evaluation and Findings: The proposed use should not create any impacts to public facilities, including traffic.

- g) Whether the proposed use will create a drainage problem;

Evaluation and Findings: The proposed use will not create an additional impervious surfacing; therefore, the proposed use should not create a drainage problem.

- h) Whether the proposed use will seriously reduce light and air to adjacent areas;

Evaluation and Findings: The proposed amendment will not seriously reduce light or air to adjacent areas.

- i) Whether the proposed use will adversely affect property values in the adjacent area;

Evaluation and Findings: It is not anticipated that the proposed use will affect property values of the adjacent area.

- j) Whether the proposed use will be a deterrent to the improvement or development of adjacent property in accord with existing regulations; and

Evaluation and Findings: It is not anticipated that the proposed use would be a deterrent to the improvement or development of adjacent properties.

- k) Whether the proposed use is out of scale with the needs of the neighborhood or the community.

Evaluation and Findings: The proposed use is not out of scale with the needs of the neighborhood or the county.

Facility capacity and concurrency will be reserved.</i>	

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) of the roadway segment identified above; therefore, the demand generated by the development is acceptable.

Potable Water Impacts

The site is not located within a community potable water system service area. Consequently, the use to be located on the site will be served by individual water well. The individual water well is anticipated to meet or exceed the adopted level of service standard for potable water established within the Comprehensive Plan.

The proposed special exception will result in the existing Church being utilized as a Child Care facility during hours that the church operational.

Evaluation: The impacts generated by the Child Care Center will not adversely affect the Level of Service (LOS) for potable water facilities; therefore, the demand generated by the Child Care Center is acceptable.

Sanitary Sewer Impacts

The site is not located within a community centralized sanitary sewer system service area. Consequently, the use to be located on the site will be served by individual septic tank. The individual septic tank is anticipated to meet or exceed the adopted level of service standard for sanitary sewer established within the Comprehensive Plan.

The proposed special exception will result in the existing Church being utilized as a Child Care facility during hours that the church operational.

Current septic system was oversized originally and has the capacity to serve the proposed improvements, up to 178 people. No impact is expected to the County/City utilities since it a private septic being utilized.

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) for sanitary sewer facilities; therefore, the demand generated by the Child Care Center is acceptable.

Solid Waste Impacts

Solid waste facilities for the use to be located on the site are provided at the County sanitary landfill, the level of service standard established within the Comprehensive Plan for the provision of solid waste disposal is currently being met or exceeded.

The proposed special exception will result in the existing Church being utilized as a Child Care facility during hours that the church operational.

The addition of (1) one 50-gallon trash receptacle will be obtained in order to meet the new demand of the solid waste requirements.

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) of solid waste facilities; therefore, the demand generated by the development is acceptable.

Recreation Facilities

The proposed development is recreation in nature; therefore, there are no impacts to recreation facilities. The development will have no impact to the Level of Service (LOS) of recreation facilities.

Public School Facilities

The proposed development is nonresidential in nature; therefore, there are no impacts to public school facilities. The development will have no impact to the Level of Service (LOS) of public school facilities.

RESOLUTION NO. BA SE 0635

A RESOLUTION OF THE BOARD OF ADJUSTMENT OF COLUMBIA COUNTY, FLORIDA, GRANTING A SPECIAL EXCEPTION WITH APPROPRIATE CONDITIONS AND SAFEGUARDS AS AUTHORIZED UNDER SECTION 4.5.7 OF THE LAND DEVELOPMENT REGULATIONS TO ALLOW FOR A CHILD CARE CENTER USE WITHIN THE AGRICULTURE-3 ("A-3") ZONE DISTRICT ON CERTAIN LANDS WITHIN THE UNINCORPORATED AREA OF COLUMBIA COUNTY, FLORIDA; PROVIDING FOR REVOCATION OF THE SPECIAL EXCEPTION; REPEALING ALL RESOLUTIONS IN CONFLICT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Columbia County Land Development Regulations, hereinafter referred to as the Land Development Regulations, empowers the Board of Adjustment of Columbia County, Florida, hereinafter referred to as the Board of Adjustment, to grant, to grant with appropriate conditions and safeguards or to deny special exceptions as authorized under Section 3.2 of the Land Development Regulations;

WHEREAS, a petition for a special exception, as described below, has been filed with the County;

WHEREAS, pursuant to the Land Development Regulations, the Board of Adjustment held the required public hearing, with public notice having been provided, on said petition for a special exception, as described below, and considered all comments received during said public hearing and the Concurrence Management Assessment concerning said petition for a special exception, as described below;

WHEREAS, the Board of Adjustment has found that they are empowered under Section 3.2 of the Land Development Regulations to grant, to grant with appropriate conditions and safeguards or to deny said petition for a special exception, as described below;

WHEREAS, the Board of Adjustment has determined and found that the granting with appropriate conditions and safeguards of said petition for special exception, as described below, would promote the public health, safety, morals, order, comfort, convenience, appearance, prosperity or general welfare;

WHEREAS, the Board of Adjustment has determined and found that the special exception is generally compatible with adjacent properties, other property in the district and natural resources; and

WHEREAS, the Board of Adjustment has determined and found that:

- (a) The proposed use would be in conformance with the Comprehensive Plan and would not have an undue adverse effect on the Comprehensive Plan;
- (b) The proposed use is compatible with the established land use pattern;
- (c) The proposed use will not materially alter the population density pattern and thereby increase or overtax the load on public facilities such as schools, utilities, and streets;
- (d) The proposed use will not have an undue adverse influence on living conditions in the neighborhood;
- (e) The proposed use will not create or excessively increase traffic congestion or otherwise affect public safety;
- (f) The proposed use will not create a drainage problem;

- (g) The proposed use will not seriously reduce light and air to adjacent areas;
- (h) The proposed use will not adversely affect property values in the adjacent areas;
- (i) The proposed use will not be a deterrent to the improvement or development of adjacent property in accord with existing regulations; and
- (j) The proposed use is not out of scale with the needs of the neighborhood or the community.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF ADJUSTMENT OF COLUMBIA COUNTY, FLORIDA, THAT:

Section 1. Pursuant to a petition by Brian Pitman, P.E., Pitman Engineering, agent for The Cross Church of Columbia County, Inc., owner, to request a special exception be granted as provided for in Section 4.5.7(16) of the Land Development Regulations to allow for a Child Care Center use within the Agriculture-3 ("A-3") Zone District. The special exception has been filed in accordance with a site plan dated February 1, 2022 and submitted as part of a petition dated February 1, 2022, as amended, to be located on property described, as follows:

Containing 5.00 acres, more or less.

Tax Parcel Number 27-5s-17-09419-102

Section 2. The Board of Adjustment, hereby approves the above referenced special exception subject to the conditions and safeguards hereinafter attached in Exhibit "A", if any. Noncompliance with any condition of approval herein established in Exhibit "A", if any, shall be deemed a violation of the terms and conditions of this Special Exception. If any such violation should occur, said violation shall result in the immediate termination of said Special Exception and shall have no force and effect. Further, if compliance with any of the conditions of this special exception causes a substantial deviation in the approved site plan, the applicant shall be required to submit a new Special Exception application and receive Board of Adjustment approval in accordance with the Land Development Regulations.

Section 3. A site plan, as described above, is herewith incorporated into this resolution by reference, shall govern the development and use of the above described property. Any deviation from the site plan shall be deemed a violation of the Land Development Regulations.

Section 4. The use of land approved by this special exception shall be in place, development shall have commenced, or a valid permit shall be in force for the construction of such land use within twelve (12) months of the effective date of this resolution. If such land use is not in place or if a valid permit for the construction of such land use is not in effect, within twelve (12) months of the effective date of this resolution, this resolution granting with appropriate conditions and safeguards such special exception is thereby revoked and of no force and effect.

Section 5. If the use of land approved by this special exception ceases for any reason for a period of more than six (6) consecutive months, this resolution shall be thereby revoked and of no force and effect.

Section 6. All resolutions or portions of resolutions in conflict with this resolution are hereby repealed to the extent of such conflict.

Section 7. This resolution shall become effective upon adoption.

PASSED AND DULY ADOPTED, in special session with a quorum present and voting, by the Board of Adjustment this 24th day of March 2022.

 - a. Existing contours at one foot intervals based on U.S. Coast and Geodetic Datum.
 - b. Proposed finished elevation of each building site and first floor level.
 - c. Existing and proposed stormwater management facilities with size and grades.
 - d. Proposed orderly disposal of surface water runoff.
 - e. Centerline elevations along adjacent streets.
 - f. Water management district surface water management permit.
5. Fire Department Access and Water Supply Plan: The Fire Department Access and Water Supply Plan must demonstrate compliance with Chapter 18 of the Florida Fire Prevention Code, be located on a separate signed and sealed plan sheet, and must be prepared by a professional fire engineer licensed in the State of Florida. The Fire Department Access and Water Supply Plan must contain fire flow calculations in accordance with the Guide for Determination of Required Fire Flow, latest edition, as published by the Insurance Service Office (“ISO”) and/or Chapter 18, Section 18.4 of the Florida Fire Prevention Code, whichever is greater.
6. Concurrency Impact Analysis: Concurrency Impact Analysis of impacts to public facilities. For commercial and industrial developments, an analysis of the impacts to Transportation, Potable Water, Sanitary Sewer, and Solid Waste impacts are required.

7. Comprehensive Plan Consistency Analysis: An analysis of the application's consistency with the Comprehensive Plan (analysis must identify specific Goals, Objectives, and Policies of the Comprehensive Plan and detail how the application complies with said Goals, Objectives, and Policies).
8. Legal Description with Tax Parcel Number (In Microsoft Word Format).
9. Proof of Ownership (i.e. deed).
10. Agent Authorization Form (signed and notarized).
11. Proof of Payment of Taxes (can be obtained online via the Columbia County Tax Collector's Office).
12. Fee. The application fee for a Special Exception Application is \$1,050. No application shall be accepted or processed until the required application fee has been paid.

NOTICE TO APPLICANT

All twelve (12) attachments are required for a complete application. Once an application is submitted and paid for, a completeness review will be done to ensure all the requirements for a complete application have been met. If there are any deficiencies, the applicant will be notified in writing. If an application is deemed to be incomplete, it may cause a delay in the scheduling of the application before the Board of Adjustment.

For submittal requirements, please see the Columbia County Building and Zoning Development Application Submittal Guidelines.

Before any Special Exception shall be granted, the Board of Adjustment shall make a specific finding that it is empowered under Article 4 of the Land Development Regulations to grant the Special Exception described in the petition, and that the granting of the Special Exception will not adversely affect the public interest. Before any Special Exception shall be granted, the Board of Adjustment shall further make a determination that the specific rules governing the individual Special Exception, if any, have been met by the petitioner and that, further, satisfactory provision and arrangement has been made.

In granting any Special Exception to the provisions of Article 4 of the Land Development Regulations, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with such regulations, including but not limited to, reasonable time limits within which the action for which the Special Exception requested shall be begun or completed, or both. Violation of such conditions and safeguards, when made a part of the terms under which the Special Exception is granted, shall be deemed a violation of the Land Development Regulations.

The Board of Adjustment requires that the applicant or representative be present at the public hearing to address and answer any questions the Board may have during the public hearing. The application may be continued to future dates if the applicant or representative is not present at the hearing.

The Columbia County Land Development Regulations require that a sign must be posted on the property ten (10) days prior to the Board to Adjustment hearing date. Once a sign has been posted, it is the property owner's responsibility to notify the Planning and Zoning Department if the sign has been moved, removed from the property, torn down, defaced or otherwise disturbed so the property can be reposted. If the property is not properly posted until all public hearings before the Board of Adjustment are completed, the Board reserves the right to continue such public hearing until such time as the property can be properly posted for the required period of time.

There is a thirty (30) day appeal period after the date of the decision. No additional permitting will be issued until that thirty (30) day period has expired.

I (we) hereby certify that all of the above statements and the statements contained in any papers or plans submitted herewith are true and correct to the best of my (our) knowledge and belief.

APPLICANT ACKNOWLEDGES THAT THE APPLICANT OR REPRESENTATIVE MUST BE PRESENT AT THE PUBLIC HEARING BEFORE THE BOARD OF ADJUSTMENT, OTHERWISE THE REQUEST MAYBE CONTINUED TO A FUTURE HEARING DATE.

ANALYSIS OF SECTION 12.2.1.(3)(h) of LDRs

1.
 - a. Whether the proposed use would be in conformance with the county's comprehensive plan and would have an adverse effect on the comprehensive plan.
The proposed use of a Daycare Center to be utilized during non-church hours is in conformance with the county's comprehensive plan and would not have an adverse effect on the comprehensive plan. The proposed project modifies the use of an existing Church to allow for a Daycare Center to operate during a limited schedule as to not interfere with Church Activities.
 - b. Whether the proposed use is compatible with the established land use pattern.
The proposed use is compatible with the established land use pattern through a Special Exception.
 - c. Whether the proposed use would materially alter the population density pattern and thereby increase or overtax the load on public facilities such as schools, utilities, and streets.
The proposed use would not materially alter the population density pattern. An existing Church would provide additional Daycare Activities to an existing population in need of the services. The load on public facilities such as schools, utilities, and streets will not be impacted in a negative way.
 - d. Whether changed or changing conditions find the proposed use to be advantageous to the community and the neighborhood.
Changes and changing conditions to include: increase in demand for local activities and resources; increase in dynamics of populations (according to Kiplinger on-line, in the *Economic Forecast, 10 States With the Fastest Rates of Job Growth, 2020* by David Payne, Florida had been identified as the State with the 3rd Fastest Rate of Job Growth in 2019 and 2020). The proposed use will be advantageous to the community and the neighborhood as they continue to develop.
 - e. Whether the proposed use will adversely influence living conditions in the neighborhood.
The proposed use will not adversely influence living conditions in the neighborhood. The existing Church will continue to operate. A Daycare Center during non-church hours increases the benefits to the community.
 - f. Whether the proposed use will create or excessively increase traffic congestion or otherwise affect public safety.
The proposed use will not create or excessively increase traffic congestion or otherwise affect public safety.
 - g. Whether the proposed use will create a drainage problem.
The building is not being expanded, so no drainage problem will be created.
 - h. Whether the proposed use will seriously reduce light and air to adjacent areas.
The proposed use will not seriously reduce light and air to adjacent areas.

- i. Whether the proposed use will adversely affect property values in the adjacent area.
The proposed use for the existing Church facility will increase the value of land having a positive impact on property values in the adjacent area.
- j. Whether the proposed use will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.
The proposed use will not be a deterrent to the improvement or development of adjacent property in accord with existing regulations. The property is surrounded by A-3 zoned property and has been designed within the land development regulations to increase services and property value in the adjacent area.
- k. Whether the proposed use is out of scale with the needs of the neighborhood or the community.
The proposed use will increase existing service opportunities to an established Church community and is in scale with the needs of the neighborhood and community.

Best Regards,

Brian Pitman

THE CROSS CHURCH DAYCARE – COUNTY APPLICATION ITEMS 4, 5, 6, & 7

ITEM 4 – STORM WATER MANAGEMENT PLAN

The existing Church facility Stormwater Management Plan (ERP023-228075-2) will be utilized for the Daycare Center operations which will require no changes to the existing Storm Water Management Plan.

ITEM 5 – FIRE DEPARTMENT ACCESS & WATER SUPPLY PLAN

No municipal water utilities are currently available at this location. Per email discussion on April 20-21st, 2021, Chapter 18 of the Florida Fire Prevention Code mentions that an approved water supply, given no adequate or reliable water distribution system, can be a fire department tanker shuttle. Fire station is located directly across US 441, to the east of project site, satisfying this requirement for rural supply.

ITEM 6 – CONCURRENCY IMPACT ANALYSIS

- 1) Potable Water: Current well was originally oversized and has the capacity to serve the proposed improvements. No impact is expected to County/City utilities since a private well is being utilized.
- 2) Sanitary Sewer: Current septic system was originally oversized and has the capacity to serve the proposed improvements, up to 178 people. No impact is expected to County/City utilities since a private septic is being utilized.
- 3) Solid Waste: One additional 50 gallon trash receptacle will be obtained in order to meet the new demand of solid waste.
- 4) Transportation: Site is located off of US HWY 441 and a private unnamed roadway. Driveways are located off of private roadway, where minimal traffic exist. Proposed improvements will add 18 total trips to US HWY 441 per ITE Manual, 9th Edition, Code 560. Current AADT, according to FDOT monitor site 290286, for US HWY 441 8264 giving a Level of Service (LOS) C. The additional 18 trips do not decrease the LOS, which remains at LOS C.

ITEM 7 – COMPREHENSIVE PLAN CONSISTENCY ANALYSIS

Daycare Center is currently an allowed use under a Special Exception for the current zoning A-3. The facility will operate as a Daycare Center during non-church hours.

Brian Pitman, P.E.
