Good morning, they are doing a mobile home replacement and are on city water and sewer. I need an availability letter for the building dept please.

When I went to the site, they are currently still living in the mobile home but bought a new one for replacement.

City or County Utility Availability Letter

Good morning,

The availability letter isn't necessary since they currently have water and sewer services.

Please note that before the old mobile home is removed we need to pull the water meter so the meter will not be damaged. Once the new mobile home is tied down we will put the water meter back.
