SHEET 9 OF 9

In accordance with County Ordinance No. 97-29 which enacted Section 20-A of the Columbia County Zoning Regulations, the undersigned developers hereby propose and request approval of the Planned Rural Residential Development described herein to be known as BLACKBERRY FARMS SUBDIVISION.

STATEMENT OF OBJECTIVES

The development consists of approximately 177.03 acres located approximately thirty-two hundred (3200) feet East of Fairfax Road (Brown Road) along Nash Road. The development includes thirty-one (31) lots ranging in size from approximately two (2) to six (6) acres and common areas of approximately forty-four (44) acres.

The development allows only single family homes and appertinent structures. There will be an attractively landscaped entrance. The roads will be publicly owned and maintained by the county.

The property is bordered on the North, East and West by residential/agricultural land; and on the South by Nash Road. The area, South of Nash Road, is presently zoned agricultural. The existing land use designation on the property is planned rural residential development (PRRD).

1. **LAND USE:** Residential single family with one residence per lot.
2. **BUILDING SETBACKS:** Building setbacks shall be as follows:
 - a. Side and rear property lines - 25 feet.
 - b. Front along the streets - 30 feet.
3. **MAXIMUM HEIGHT OF BUILDINGS:** The maximum height of buildings shall be 35 feet. Height of building is the vertical distance measured from the established grade at a corner of the front of the building to the highest point of the roof surface of a flat roof, to the deck line of a mansard or Bermuda roof, to the mean height level between eaves and ridge of gable, hip, cone, gambrel and shed roofs, and to a height three-fourths (3/4) the distance from the ground to the apex of A-frame and dome roofs.
4. **ARTERIAL STREET:** The only arterial street involved in this development is Nash Road. The development has one entrance onto Nash Road. The local access streets include Fairfax Road (Brown Road) to the West and Interstate No. 75 to the East, but there is no access to the development from these streets.
5. **COMMON OUTSIDE STORAGE AREAS:** There will be no provision made for common outside storage areas. Each lot is large enough that the homeowner can provide his or her own storage area.
6. **SCREENING, BUFFERING AND LANDSCAPING:** Screening, buffering and landscape buffered areas shall be in compliance with Chapter 20-A, Columbia County Zoning Regulations, or such regulations in effect at the time each home is built, whichever is less restrictive.

STATEMENT CONCERNING PROPOSED FLOOR AREA RATIOS

The maximum floor area shall not exceed 20% and the maximum building coverage shall not exceed 40% of the total developed area of each lot as shown on Sheet No. 2 of the PRRD Plan.

UTILITY SERVICE PLAN

This area is not served by a public water or sewer system. Each lot will receive water from its own private well and each residence will have its own septic tank.

BellSouth/AT&T and Florida Power and Light Company will be granted easements within the project site to construct utility facilities, these to be determined prior to final PRRD.

STATEMENT INDICATING TYPE OF LEGAL INSTRUMENT TO PROVIDE FOR MANAGEMENT OF COMMON AREAS

The only anticipated common areas are as shown herein and as required by the Suwannee River Water Management District. The common areas in the development are privately owned as granted to the association. Title to these areas will be held by a Florida not-for-profit homeowners association, BLACKBERRY FARMS COLUMBIA COUNTY, INC., which will own, manage and control said common elements in accordance with Declarations and Restrictions Articles of Incorporation and Bylaws. Each lot owner will be a member of the homeowners association. The association will govern by majority rule and has the authority to assess for maintenance and improvements of the common elements.
