Good morning. I got a notification of the below remodel. It hasn't been updated for the remodel work, so here is a breakdown.

I also am waiting g to hear of the roof truss situation.

Scope of work for Foote remodel interior of home:

Replace kitchen and bathroom cabinets and countertops

New flooring

Add a couple walls inside original home for master bathroom

Remove small wall separating kitchen from main living area to provide open area

Thanks

Lora David.

Yes ma'am. Troy reviewed it this morning and is requiring a detailed scope of work of the interior work to be completed as well as the roof engineering. If I can be of any further help, please don't hesitate to reach out. Thanks! Have a great day and stay safe!
