Dear Mr. Rosell,

Complete Structural Consulting, Inc. has completed the building design calculations for the above referenced project in accordance with the proposal for services and the agreed fee schedule.

The design calculations in this submittal are prepared in accordance with the 2017 Florida Building Code

Complete Structural Consulting's analysis suggest t hat the building is adequate for the load requirements outlined in the applicable building codes. This letter certifies that the corresponding shop and erection drawings have been reviewed by a professional engineer registered in the state of Florida for conformance with the with the required code.

We appreciate the opportunity to work with you on this project. If you have any questions regarding this report, or if we may be of further service to you, please contact us.

Sincerely,

Ross Bolton  
Complete Structural Consulting, Inc.
