Work is to commence upon reasonable availability of Contractor and/or any special order or customer made Good(s) which is anticipated to be  $\frac{11/25/2021}{2021}$  [fill in date]. Estimated completion date is  $\frac{12/23/2021}{2021}$  [fill in date]. COVID-19 has affected manufacturers and labor markets, with the production of fence, deck and generator material experiencing significant delays and installation start dates that are at least three (3) months away in most cases. Please also note that weather can delay start dates for these and other exterior categories, particularly in colder climates.
