PERMIT NUMBER

POCKET PENETROMETER TEST

The pocket penetrometer tests are rounded down to _____ psf
or check here to declare 1000 lb. soil ☒ without testing.

x 1000x 1000x 1000

POCKET PENETROMETER TESTING METHOD

1. Test the perimeter of the home at 6 locations.
2. Take the reading at the depth of the footer.
3. Using 500 lb. increments, take the lowest reading and round down to that increment.

x 1000x 1000x 1000

TORQUE PROBE TEST

The results of the torque probe test is 295 inch pounds or check here if you are declaring 5' anchors without testing _____. A test showing 275 inch pounds or less will require 5 foot anchors.

Note: A state approved lateral arm system is being used and 4 ft. anchors are allowed at the sidewall locations. I understand 5 ft anchors are required at all centerline tie points where the torque test reading is 275 or less and where the mobile home manufacturer may require anchors with 4000 lb holding capacity

Date Tested

6-29-2021

Electrical

Connect electrical conductors between multi-wide units, but not to the main power source. This includes the bonding wire between multi-wide units. Pg. _____

Plumbing

Connect all sewer drains to an existing sewer tap or septic tank. Pg. _____

Connect all potable water supply piping to an existing water meter, water tap, or other independent water supply systems. Pg. _____

Site Preparation

Debris and organic material removed ☒
Water drainage: Natural ☒ Swale ☒ Pad ☒ Other _____

Fastening multi wide units

Floor: Type Fastener: _____ Length: _____ Spacing: _____
Walls: Type Fastener: _____ Length: _____ Spacing: _____
Roof: Type Fastener: _____ Length: _____ Spacing: _____
For used homes a min. 30 gauge, 8" wide, galvanized metal strip will be centered over the peak of the roof and fastened with galv. roofing nails at 2" on center on both sides of the centerline.

Gasket (weatherproofing requirement)

I understand a properly installed gasket is a requirement of all new and used homes and that condensation, mold, mildew and buckled marriage walls are a result of a poorly installed or no gasket being installed. I understand a strip of tape will not serve as a gasket.

COMPUTER EXAMING

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is responsible for the investigation. The investigator must identify the problem and the scope of the investigation.

2. The second step is the collection of data. This is done by the investigator who is responsible for the investigation. The investigator must collect data from the sources that are available to him.

3. The third step is the analysis of the data. This is done by the investigator who is responsible for the investigation. The investigator must analyze the data and determine the cause of the problem.

4. The fourth step is the development of a solution. This is done by the investigator who is responsible for the investigation. The investigator must develop a solution to the problem and implement it.

5. The fifth step is the evaluation of the solution. This is done by the investigator who is responsible for the investigation. The investigator must evaluate the solution and determine if it is effective.

6. The sixth step is the documentation of the investigation. This is done by the investigator who is responsible for the investigation. The investigator must document the investigation and the results of the investigation.

7. The seventh step is the communication of the results. This is done by the investigator who is responsible for the investigation. The investigator must communicate the results of the investigation to the appropriate parties.

8. The eighth step is the follow-up. This is done by the investigator who is responsible for the investigation. The investigator must follow-up on the investigation and determine if the problem has been resolved.

9. The ninth step is the review of the investigation. This is done by the investigator who is responsible for the investigation. The investigator must review the investigation and determine if it was conducted properly.

10. The tenth step is the conclusion. This is done by the investigator who is responsible for the investigation. The investigator must conclude the investigation and determine the final outcome.

At various times, the government and the private sector have been involved in the development of the country's infrastructure. The government has been the main provider of infrastructure, but the private sector has also played a significant role. The government has been the main provider of infrastructure, but the private sector has also played a significant role. The government has been the main provider of infrastructure, but the private sector has also played a significant role.

1. The first part of the document is a list of names and addresses, which are arranged in a columnar format. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Doe", "Jane Smith", and "Robert Johnson", along with their respective addresses.
